PROFESSIONAL SUMMARY

Full-Stack Engineer with **4+ years** architecting high-performance, scalable systems using **MERN stack** and **Spring Boot**. Delivered 80% latency reductions, zero-downtime migrations for 600K+ records, and compliant FinTech platforms powering 1M+ onboardings—driving efficiency, sales, and user engagement in EdTech and FinTech.

SKILLS

Languages	TypeScript, JavaScript, Java, SQL
Backend & APIs	Node.js (Express, Fastify), GraphQL, REST, Spring Boot, Microservices
Databases	PostgreSQL, MongoDB, Redis, Elasticsearch
Frontend	React.js, Angular, Next.js, Thymeleaf
Cloud & DevOps	AWS (ECS, Lambda, S3), Docker, Kubernetes, CI/CD (GitHub Actions, Jenkins)

PROFESSIONAL EXPERIENCE

Software Engineer 1 Apr 2025 – Present
[Kaplan](#) *Bangalore*

Atom Educator — *TypeScript, GraphQL, Redis, ES* — [Link](#)

- Reduced GraphQL response times from **7 s** → **1.4 s** (80% latency drop) for 10K+ concurrent users by architecting field-level lazy loading, Redis-backed caching, and optimized MongoDB aggregation pipelines.
- Designed and executed a **zero-downtime migration of 600K+ live testing sessions (< 55 min)** using batched processing, idempotency guards, and selective Redis backfill — prevented any student data loss during platform cutover.
- Ideated and developed **Engagement Dashboard** for faculties to analyze MCAT student performance, enabling comparative insights at individual and cohort levels through KPIs, visualizations, and filtering options.
- Designed an effective **faculty experience charter** for Nursing/Healthcare professionals, boosting engagement via custom quiz builder, test scheduler, and reporting suite.

Software Engineer Aug 2022 - Apr 2025
[eMudhra Limited](#) *Bangalore*

eMudhra Products — *Node.js, SpringBoot, PostgreSQL, Express, React.js*

- Architected high-volume Aadhaar **eSign** Java SDK processing **10M+ digital signatures/month** using SHA-256, PAdES/LTV, HSM-backed keys, timestamping — reduced enterprise integration time from months to days.
- Spearheaded development of **emSign S/MIME Automation Plugin** that slashed enterprise email security onboarding from **30 min** → **< 60 s**, via silent RSA/ECDSA certificate enrollment and auto-keystore injection — achieved **90% reduction in config errors** and **75% drop in support tickets**.
- Architected **Instigo**—a SEBI-compliant Digital Onboarding & eKYC-as-a-Service platform (outsourced by NDML)—enabling instant demat/trading account openings for major Indian brokerages and international clients including **LankaPay**; streamlined **1M+ annual onboardings** with real-time verifications and liveness checks.
- Shipped cross-border **Remote Signing Service** compliant with TSPs of India, Japan, and EU; built SDKs with dynamic template personalization that accelerated sales cycles by 4–6 weeks.

EDUCATION

Bachelor of Engineering (ECE) , <i>PES College of Engineering, Mandya</i>	2015 - 2019
PUC (PCME) , <i>Sadvidya Semi-Residential College, Mysore</i>	2013 - 2015
